## DESIGN OF THE INSTITUTION.

The object of this institution is to furnish the sick poor with medical attendance and medicine gratuitously, and to accomplish this work in the most faithful manner and at the least possible expense.

---

## MEANS OF SUPPORT.

The Dispensary is supported by the income from a fund, derived mainly from the Chicago Relief and Aid Society, of eleven thousand dollars, invested in safe securities; by a small contribution from Rush College, derived from the income of a fund bequeathed for the purpose by the late John Phillips, Esq., and held in trust by the Trustees of the College; but chiefly by the annual contributions of a number of generous citizens who remember the poor in their sickness and misfortune.

Donations are thankfully received by Dr. Philip Adolphus, Financial Superintendent, No. 638 Washington Boulevard.

---

## INVITATION TO VISITORS.

All who desire to obtain personal knowledge of the necessity of such an institution, its practical benefit to the sick poor, and its claims on the liberality of our citizens, are invited to visit the Dispensary and judge for themselves.

---

## LOCATION AND HOURS.

The Dispensary is located at the corner of Harrison and Wood Streets. **OFFICE HOURS:** 11 to 12 A. M. and 2 to 5 P. M., daily, excepting Sundays and public holidays. The morning hour is for the filling of prescriptions. Patients must attend promptly at 11 A. M. and 2 P. M. Dispensary closes at 5 P. M. Patients are prescribed for in the rooms of the Dispensary from 2 to 5 P. M. only.

## REPORT.

---

The Directors of the CENTRAL FREE DISPENSARY OF WEST CHICAGO have the honor to present to the donors to this charity, and to the public generally, the SEVENTEENTH ANNUAL statement of the doings of the institution. During the year just closed (June 30, 1884), nothing has occurred to mar the regularity, the system, or, we believe, the efficiency of the service of the Dispensary. The attending and visiting physicians have been more than usually prompt and attentive to their duties, and, as heretofore, efforts have been made to confine their good offices to those entitled to charity. As a result of these efforts the number of visits and prescriptions, and the number of patients, have been somewhat reduced during the year. Nevertheless, we believe no needy person who has applied for services has been refused. The labors of the visiting physicians have been lightened and assisted by the admirable system of *District Nursing*, instituted, something more than a year ago, by the "*Relief Works*," under the auspices of the Society for Ethical Culture. The constant service of a trained nurse has been given to the most destitute and needy of our patients during this time. Her attentions have often enabled the visiting physicians to give a case equally good service with fewer visits than would otherwise have been required. Thus, while the nurse has not caused us any expense whatever, we have profited by her efforts. The expenses of the District Nursing system is borne by the "*Relief Works*."

The attention of the public is again called to the fact that the income from the small endowment of this Dispensary is altogether insufficient to defray the necessary expenses attendant upon the large amount of work we are called upon to do. It is only by means of contributions by public-spirited citizens that this work has been carried forward so efficiently. The business of the Dispensary has in all the years of its history been conducted in an economical manner; no money is wasted or foolishly spent, and all the books and accounts of the institution are freely open to the inspection of anybody.

# STATEMENT

OF

*Dispensary Work for the Year ending June 30, 1884,*

AND

FOR 17 YEARS, ENDING JUNE 30, 1884.

---

	For 1 Year.	For 17 Years.
